

Deep Learning Nanodegree Learning Plan

Welcome to the Deep Learning Nanodegree! This suggested first week study plan should help get you started on the right foot.

Week 1

Time	Activity	Notes
0.5 hr	Complete lesson 1: Welcome to Deep Learning .	Check out your support resources.
1 hr	Complete Lesson 2: Applying Deep Learning .	Don't get stuck on Style Transfer! Use your support resources to help you move forward.
2 hr	Complete Lessons 3 and 4: Anaconda & Jupyter Notebooks .	Slow down if necessary; the rest of the course uses Jupyter notebooks.
.75 hr	Complete Lesson 5: Matrix Math and NumPy Refresher .	This is a short review of linear algebra.
